

## Out of State Services

- All non-emergent Out of State Services more than 50 miles from the Oklahoma borders must be prior authorized by OHCA, please follow guidance provided at [here](#).

*Note: Obtaining an approval for Out of State Services does not mean you have approval for specific procedure codes, only that you have approval for the Out of State Service.*

- If a procedure code requires a prior authorization, a PA request must be submitted to the Medical Authorization Unit (MAU) *prior* to the service being performed. We do allow up to 30 days for retroactive services, however, requests submitted beyond the thirty day limitation are auto-denied by the system and will not be reviewed by our staff.
